MIKE BELZOWSKI

Mike is the owner and lead craftsman at Belzowski Woodwork & Design in Northwest Indiana, where he transforms homes with exquisite millwork, custom cabinetry, and historic restorations. Proud of his heritage in fine craftsmanship, he earned formal training through the Master's Program at the Marc Adams School of Woodworking in 2008 and has further refined his skills under renowned masters, including Sam Maloof, Frank Klausz, Stephen Proctor, Michael Fortune, and Steve Latta.

Mike's work has been prominently featured in Fine Homebuilding's Master Carpenter Series and was profiled in Festool USA's "Presents" video series. He is celebrated for blending traditional woodworking with "cutting-edge building science" to craft transformative living spaces across Northern Indiana and the Chicago area. A seasoned educator, Mike regularly demonstrates woodworking techniques—especially wood bending and veneering—at shows and guild events throughout the Midwest. He actively participates in educational events and is recognized as one of the region's top professional demonstrators.

A lifelong craftsman with over 35 years of experience, Mike lives on a 60-acre estate in LaPorte County with his wife Nora, their children Mira and Zeke, a menagerie of pets, plus chickens—and enjoys biking, baking, and beekeeping in his downtime. Attendees can expect to gain insights from an award-winning woodworker and inspiring teacher. Mike's session will empower woodworkers of all levels to elevate precision and creativity in their woodworking craft. You won't want to miss this opportunity to learn from one of Midwest's finest.

MIKE'S SHOW SCHEDULE: FRIDAY 5 Ways to Bend Wood 9:30 am - 12:30 pm and Saturday: 9:30 am - 12:30 pm

KAREN EVANS - SCROLL SAW TECHNIQUES

Karen's been working wood since bell bottoms were in style, hitting the art show circuit for nearly 20 years. She's crafted everything from wooden toys to games and puzzles, with pieces finding homes in museum gift shops around the world. You might've spotted her on American Woodshop with Scott Phillips or on your local PBS station. These days, her handiwork even lives in the World Wide Wooden Toys Museum in Japan — talk about going global with a toolbox!

KAREN'S SHOW SCHEDULE: FRIDAY & SATURDAY Ongoing throughout both days.

LEARN TO TURN WITH JIM CRUM

If you're just getting started in woodturning, simple projects are the best way to build confidence and master the basics. In this hands-on session, you'll have the choice between two classic beginner projects. Learn to turn a beautiful wooden pen — a small but rewarding piece you'll be proud to show off — for just \$15 in materials. Or, try your skills on a Set-Depth Rolling Pin, a practical kitchen tool and an ideal project for learning control, also just \$15 in materials. Fun, useful, and beginner-friendly, these projects are the perfect gateway into the world of woodturning. Both projects take about 30 minutes to complete.

JIM'S SHOW SCHEDULE: FRIDAY & SATURDAY Ongoing throughout both days. No need to pre-register.
